

THE PEOPLE'S CONVOY - NEBRASKA

To: Whom it may concern

Our beautiful country and the freedoms we grew up with are being overtaken by our government and it is clear they are not working or listening to We the People anymore.

Therefore, it is time for all of us to unite and rise up for the Future and Freedom of our Country.

There are multiple National Convoy efforts beginning **March 1st** in California and making its way across major highways and interstates to Washington DC along i-70, i-40, i-10 and meeting at major intersections. This is a nationwide effort, many individuals, organizations and businesses are ready to make this happen! We the People will have our voices heard.

TPC - NEBRASKA will be rallying to the State Capitol for a Patriot Party beginning at 5pm and end with a send off for our Nebraska Patriots traveling on to join the nationwide efforts in DC.
