To whom it may concern:

Nebraskans Against Government Overreach and **Freedom Rally USA** have been working hard to organize successful, peaceful, respectful and Fully Law Abiding events across the state of Nebraska in support of the People's Convoy 2022.

It has come to our attention, former affiliates are attempting to further their own efforts through the use of our groups hard work.

Freedom 515, Brandi Burkett and **Candidate for Legislature, Brenda Fourtner**, are not affiliated with the Nebraska efforts for **The People's**

Convoy. Following their refusal to work with the Nebraskans living within North Platte, already effectively organizing, and after circumventing our designated Regional Leader within our Leadership structure, we made the decision to disassociate. Any actions, comments, events, or other material associated with these individuals are not the official and recognized events in the state by the national organizers for The People's Convoy.

For questions, comments, or concerns, please contact info@nago.group.
